student withdraws from the program prior to departure, only the amount of money that has not been committed for the student's participation may be refunded, and a late withdrawal fee will be assessed, as follows:

- 10% of the fee (withdrawal 2-4 months prior to commencement of the program)
- 25% of the fee (withdrawal up to 2 months prior to commencement of Program)
- 50% of the fee (withdrawal during the Program) plus all expenses incurred to the time of withdrawal. After the student's arrival at the site, a partial refund may be made only in case of serious illness or an emergency that would require the student to return home.
